Daily nutrition — low budget

Meal	What	Why
Before run 4:00am	1 banana	Quick fuel for the run. Light on stomach.
After workout 5:30am	3 eggs + 2 slices brown bread + 1 glass milk	Most important meal. Muscles absorb protein immediately after training.
Lunch 12:30pm	Ugali + beans or meat + sukuma wiki	Complex carbs for energy. Beans are cheap protein. Greens every day.
Snack 4:00pm	Groundnuts + water	Healthy fat and protein. Keeps energy stable between meals.
Evening 7:00pm	2 eggs + vegetables	Light protein. No heavy carbs at night.
Before bed 9:00pm	1 glass milk	Slow protein release overnight. Supports muscle recovery while you sleep.
